City Public Works offers Green Business Recycling Hero Awards

The City of Middletown Public Works Department is offering recognition to local businesses that make the effort to recycle properly. These "Recycling Heroes" will earn a Green Business decal from the City along with a certificate. The official list of Recycling Heroes will be released on Dec. 12th. Applications must be submitted by Dec. 1st.

The Green Business Recycling Heroes program has been created by the Middletown Resource Recycling Advisory Committee to reward those businesses recycling properly and encourage others to do the same.

To see if your business qualifies, applications can be obtained from the City of Middletown website, www.cityofmiddletown.com or by calling or emailing the City Recycling Coordinator at 860-344-3526 or kim.orourke@cityofmiddletown.com.
